C00130 □	R8 Political / Governme nt	Privatization Clauses in Water Aid Contracts	A significant portion of Western water aid contracts reportedly mandate privatization, limiting equitable access to resources.	Removal or revision of exploitative clauses in aid agreements. What Could Go Wrong? Privatization mandates may lead to monopolies and higher costs for vulnerable communities.	Claim made: 45% of Western water aid contracts have privatization requirements benefiting multinational corporations.	Audit and renegotiate aid contracts, prioritizing community access and control.
