1. Under Project Management, on top of your own local project management expertise, please add 3% for the TTGD HQ Administration (specify “Through The Golden Door LLP”) and another 2% for the project management and technology support from us. The location of our organization is in Singapore.
2. Depending on the size of the project, to improve the chance of winning the project (specifically large scale projects). we would recommend adding Phcport.com Review suggested by David Winter. He will share more about this with you.
3. Under Risk/Contingencies, please do make sure you add a suitable % for bank remittance changes. Check with your local bank about overseas remittance charges to Singapore.
